Dear Rich:

We want to thank you for all that you did being our agent in the sale of our home in Weston, The Ridges, in particular for your patience with us and your understanding of this difficult market.

After being listed for months with one of those for-sale-by-owner companies that took our money and gave us nothing in return we were undecided about what real estate firm or what agent to hire to sell our home.

Your twenty years in the business shows in that you were a true professional in all aspects of the transaction and your advise was timely and accurate. We thank you as we feel that you brought us a reasonable buyer who appreciated our home and in the end paid what we needed to move out. Your caring and determination in getting us the most for the home is truly appreciated.
